April 11, 2008

Mr. Woodford Webb  
The Webb Companies  
250 W. Main Street - Suite 3000  
Lexington, Kentucky 40507

Dear Woodford:

I am writing on behalf of the Board of Directors, and all of the members of the Lexington Farmers' Market, to thank you again for taking the time to meet with me a few weeks ago. As you recall, we discussed the Webb Companies' years of support for the Lexington Farmers' Market, specifically as it relates to free parking and land use near the Lexington Financial Center on Saturdays. For this, we have been, and will remain grateful for your consideration of our market and the specific needs we have for conducting our unique, outdoor business.

Beyond that, our conversation led to the need for future dialogue and cooperation as it relates to the proposed CentrePoint project, and the possible need for a contingency plan for our market, in the event that demolition or construction should occur during our market season. Again, your offer to permit the Lexington Farmers' Market to use private property on Mill Street near the Lexington Financial Center and the World Trade Center is extremely generous and very much appreciated by our organization.

Furthermore, the Webb Companies' support and consideration for the Lexington Farmers' Market, as a core part of downtown and the community as whole, was demonstrated in our discussion of more long-term solutions as they relate to our desire to build a permanent farmers' market structure downtown and how we may partner as we work toward that end. This notion is extremely encouraging to the members of the Lexington Farmers' Market and we look forward to continuing this new found and pleasant working relationship.

Sincerely,

  
Jeff Dabbelt

Lexington Farmers' Market Manager
